

MV-6 OMNI
MIRTEC 

“RLC Electronic Systems is a full-service company specializing in the design and manufacture of high-quality electronic products. We continue to invest in the latest equipment and technology in order to meet and exceed our customer’s high manufacturing standards. Our MIRTEC MV-6 OMNI 3D AOI system has increased quality and productivity throughout all phases of our production process. The system notifies our AOI technicians of any errors detected during inspection providing a high level of confidence in our PCB manufacturing process allowing us to create superior electronic solutions for our customers while maintaining a competitive pricing advantage.” - Matt Giuliano, Production Manager
