

# MIRTEC

"Spectra-Tech continuously invests in the latest technology to provide the highest level of accuracy and quality of assembled products. As part of our commitment to continuous quality improvement, Spectra-Tech recently acquired a total of five (5) new MIRTEC MV-6 OMNI 3D AOI systems. After evaluating several leading 3D AOI vendors, we selected MIRTEC as the best solution to meet our ongoing quality initiatives. Our MIRTEC MV-6 OMNI AOI machines have performed extremely well! The defect detection capability has proven to be outstanding for both SMT and Through-Hole inspection. We are equally pleased with the level of customer service and after sales support." - Craig Wilson, Vice President of Spectra-Tech
