

“MIRTEC separates themselves from other AOI vendors with genuine Technological Superiority. Their six phase color lighting system and sophisticated inspection algorithms are very impressive, but their OMNI-VISION® 3D measurement system and precision telecentric lens really puts them in a class of their own.”

Ian van Tonningen, AOI Technician, Vadatech

OMNI-VISION® 2D/3D Inspection Technology

- ▶ Digital Multi-Frequency Quad Moiré
- ▶ 15 Mega Pixel Camera Technology
- ▶ 10 um/pixel Telecentric Compound Lens
- ▶ 10 Mega Pixel SIDE-VIEWER® Camera System
- ▶ Six Phase Color Lighting System
- ▶ Precision Linear Drive Motor System
